

PART C

Column name	Data type	Example	Additional information
Order id	INT	12366561	Numerical unique numbers assigned to each different order.
Customer id	INT	984532	Links to the customer who placed the order (foreign key).
Order date	DATE	2026-09-07	The calendar date the order was placed.
Order time	TIME	14:32:05	The exact time the order was placed (often combined with date as TIMESTAMP).
Order status	VARCHAR(20)	'Shipped'	Current state: 'Pending', 'Processing', 'Shipped', 'Delivered', 'Cancelled'.
Order quantities	INT	3	Total number of individual items in the order.
Comments	TEXT	'Leave at back door'	Customer instructions or internal notes; may be unlimited length.
Star ratings	TINYINT	4	Customer satisfaction score, typically 1–5.
Paid date	DATETIME	2026-09-07 14:35:12	Timestamp when payment was successfully processed.
Shipped date	DATE	2026-09-08	Date the order was dispatched from the warehouse.

Payments

Column name	Data type	Example	Additional information
Payment method	VARCHAR(30)	'Visa'	Type: 'Credit Card', 'PayPal', 'Bank Transfer', 'Gift Card'.
Payment amount	DECIMAL(10,2)	149.99	Total charged, with two decimal places for currency precision.
Currency code	CHAR(3)	'USD'	ISO currency code (USD, EUR, GBP, JPY).
Transaction ID	VARCHAR(50)	'txn_9876abc'	Gateway reference number from the payment processor.

Chargebacks

Column name	Data type	Example	Additional information
Chargeback id	INT	3321	Unique internal ID for each chargeback case.
Chargeback date	DATE	2026-09-10	Date the chargeback was initiated by the bank.
Chargeback amount	DECIMAL(10,2)	49.99	Amount disputed/refunded.
Chargeback reason	VARCHAR(100)	'Fraudulent'	Common reasons: 'Fraud', 'Product not received', 'Duplicate charge'.
Chargeback status	VARCHAR(20)	'Under review'	'Open', 'Under review', 'Won', 'Lost'.

Flagged transactions

Column name	Data type	Example	Additional information
Flagged id	INT	4452	Unique ID for each flagged event.
Flagged date	DATETIME	2026-09-07 23:17:00	When the system or manual review flagged the order.
Flag reason	VARCHAR(100)	'Unusual IP location'	'High value', 'Mismatched billing', 'Velocity check'.
Flag severity	VARCHAR(10)	'Medium'	'Low', 'Medium', 'High', priority for investigation.
Reviewed by	INT	1024	Employee ID of the fraud analyst (or NULL if automated).
Resolution	VARCHAR(50)	'Approved'	'Approved', 'Blocked', 'Manual review passed'.

Marketplace Data

Seller profiles

Column name	Data type	Example	Additional information
Seller id	INT	55021	Unique ID for each marketplace seller.
Seller name	VARCHAR(100)	'TechGadgets Inc.'	Display name for the store/brand.
Registration date	DATE	2024-03-15	When the seller joined the marketplace.
Seller rating	DECIMAL(2,1)	4.8	Average star rating across all reviews (e.g., 4.8 out of 5).
Total sales	INT	15324	Lifetime number of orders fulfilled by this seller.
Account	VARCHAR(15)	'Active'	'Active', 'Suspended', 'Pending verification'.

status			
Business type	VARCHAR(30)	'Retailer'	'Retailer', 'Distributor', 'Individual'.

Product listings

Column name	Data type	Example	Additional information
Listing id	INT	998877	Unique ID for each product listing.
Seller id	INT	55021	Foreign key linking back to the seller profile.
Product name	VARCHAR(200)	'Wireless Bluetooth Earbuds'	Title of the product.
Category	VARCHAR(50)	'Electronics'	Product category (e.g., 'Electronics', 'Clothing', 'Home').
Price	DECIMAL(10,2)	79.99	Current selling price of the item.
Stock quantity	INT	145	Number of units currently available in inventory.
Date listed	DATE	2026-01-10	When the product was first posted to the marketplace.
Listing status	VARCHAR(15)	'Published'	'Published', 'Draft', 'Archived', 'Out of stock'.

Delivery records

Column name	Data type	Example	Additional information
Delivery id	INT	45213	Unique tracking record ID.
Order id	INT	12366561	Links to the original order.
Courier name	VARCHAR(50)	'FedEx'	Shipping carrier (e.g., 'UPS', 'DHL', 'USPS').
Tracking number	VARCHAR(50)	'1Z999AA10123456784'	Courier's tracking code.
Dispatch date	DATE	2026-09-08	Date the package left the seller's facility.
Estimated delivery	DATE	2026-09-12	Expected arrival date provided to the customer.
Actual delivery	DATE	2026-09-11	Actual date of successful delivery (NULL if not yet delivered).
Delivery status	VARCHAR(20)	'Delivered'	'In transit', 'Out for delivery', 'Delivered', 'Failed'.

Customer complaints

Column name	Data type	Example	Additional information
Complaint id	INT	6789	Unique ID for each complaint ticket.
Order id	INT	12366561	Order associated with the complaint.
Customer id	INT	984532	Customer who filed the complaint.

Complaint date	DATETIME	2026-09-09 09:15:00	When the complaint was submitted.
Complaint type	VARCHAR(50)	'Damaged item'	'Late delivery', 'Wrong item', 'Defective product'.
Description	TEXT	'Item arrived with cracked casing.'	Free-text explanation of the issue.
Status	VARCHAR(20)	'Resolved'	'Open', 'Under review', 'Resolved', 'Escalated'.
Resolution	VARCHAR(100)	'Partial refund issued'	How the issue was resolved (e.g., 'Refund', 'Replacement sent').

Customer Data

Demographics

Column name	Data type	Example	Additional information
Customer id	INT	984532	Unique identifier (same as in transactional data).
Full name	VARCHAR(100)	'Jane Smith'	Customer's legal/registered name.
Email	VARCHAR(100)	'jane.s@email.com'	Primary contact email (used for login/notifications).
Phone	VARCHAR(20)	'+1-555-321-9876'	Contact phone number.
Date of birth	DATE	1990-05-12	Optional; used for age-based marketing or verification.
Gender	CHAR(1)	'F'	'M', 'F', 'Prefer not to say'.
Location (city)	VARCHAR(50)	'Austin'	City of residence.
Location (state/region)	VARCHAR(30)	'TX'	State or province.
Location (country)	VARCHAR(50)	'United States'	Country of residence.
Account creation date	DATE	2023-11-01	When the customer registered on the platform.

Purchase histories

Column name	Data type	Example	Additional information
Total orders	INT	47	Lifetime count of completed orders.
Total spent	DECIMAL(12,2)	3247.50	Lifetime total revenue from this customer.
Average order value	DECIMAL(10,2)	69.09	Average spend per order.
Last purchase date	DATE	2026-09-01	Most recent order date.
Preferred category	VARCHAR(50)	'Electronics'	Most frequently purchased category.

Search history

Column name	Data type	Example	Additional information
Search id	INT	55612	Unique ID per search event.
Customer id	INT	984532	Links to the customer.
Search timestamp	DATETIME	2026-09-07 13:20:00	When the search occurred.
Search query	VARCHAR(200)	'noise cancelling headphones'	The actual text the customer typed.
Filters applied	VARCHAR(200)	'price:50-100, brand:Sony'	Any filters the user selected (e.g., price, brand, color).
Results count	INT	342	How many products matched the search.
Clicked product id	INT	998877	Which product listing the user actually clicked on (if any).

Abandoned shopping cart(s)

Column name	Data type	Example	Additional information
Cart id	INT	7741	Unique ID for the abandoned cart session.
Customer id	INT	984532	Customer who left items in the cart.
Created date	DATETIME	2026-09-07 10:45:00	When the cart was first created.
Abandoned date	DATETIME	2026-09-07 11:30:00	When the customer last interacted before leaving (or timeout).
Cart total	DECIMAL(10,2)	158.97	Total value of the items in the abandoned cart.
Item count	INT	4	Number of distinct products in the cart.
Recovery status	VARCHAR(20)	'Recovered'	'Open', 'Recovered' (customer returned to purchase), 'Discarded'.
Reminder sent	BOOLEAN	TRUE	Whether an automated recovery email/SMS was sent.
